**To Whom It May Concern**

As his teacher in an undergraduate course of **Discrete Structures**, I am pleased to write this letter of recommendation for Mr. Muhammad Sherjeel Akhtar. I have had the pleasure of viewing Mr. Muhammad Sherjeel Akhtar academic development during the course. He is a motivated and responsible person with skills such as analytical, problem solving skills and critical thinking that are necessary for achieving success in any organization. He actively participates in the class and submit the assigned tasks in time.

He has already taken a few computers related courses and his grades confirm his technical abilities in the subject area. Beside academics, during his program he also learned how to manage and utilize his resources to reach a good balance of workload. He is well organized human and knows how to manage his time effectively. He can manage pressure situations to meet deadlines. He is friendly and fluent in communication and knows how to cooperate and work in a team environment.
