

To Whom It May Concern

My name is Waqas Ali and I am currently serving as an Assistant Professor at NUCES (National University of Computer & Emerging Sciences), Peshawar, Pakistan. I am writing this letter at the request of Muhammad Sherjeel Akhtar to acknowledge the excellent work he carried out as my student. Although new to the field, he actively participated in classroom discussions and always stood out to help his fellow students.

Apart from my courses, in general, Muhammad Sherjeel Akhtar is a very hard-working person and has great motivation and diligence toward learning new things independently. With his utmost devotion and understanding of his work, he always inspired his fellow team members. Academically, I rank him **among the top students** in my class.

During the time that I have known Muhammad Sherjeel Akhtar, it has become apparent to me that he is an example of a good citizen who is committed to academics and growing in his professional life while also helping others. He has a deep culture, and a patient and friendly demeanor, which will serve him well, not only when working with his peers, but also in positions in which he will direct others. Never have I seen him become frustrated or impatient with another person. He is generous with his knowledge and time. In short, he has all the qualities and skills that will make him successful in a professional work environment.

I have a great deal of respect for him and I am proud to be able to provide this letter of recommendation. He has my **highest recommendation** for any Scholarship/Job that he might be offered. Please let me know if you have any questions or if you would like to speak with me in more detail about why Muhammad Sherjeel Akhtar deserves consideration for this award.

Best regards,

Dr. Waqas Ali
Assistant Professor,
FAST-NUCES Peshawar.
